

IPCAM-WO Wired/Wireless Outdoor Camera

INFORMATION FOR DEALERS

**Want More Opportunity?
Take a Look Outside!**

Honeywell

Focus on RMR

Now Even More Applications for Total Connect™ Video Services!

Although you provide your customers with video services for the interiors of their homes and businesses, you may be overlooking a critical and profitable part of the solution...the outside. Honeywell's IPCAM-WO Wired/Wireless Outdoor Camera enhances your offering, provides you with more flexibility for your video installations and gives you the opportunity to offer Total Connect on each and every sale.

- Outdoor video look-in and event driven video notification in residential and commercial settings
- Weather-resistant enclosure (IP6 rated housing)
- Wired or wireless (Wi-Fi capability)
- Connectivity via Total Connect Video Services
- Enhanced light sensitivity detection
- Compact, portable design
- Easy plug and play installation
- Connectors (Waterproof) – Ethernet, RJ45, power jack, 2.5mm phone jack, reset tack switch
- Day/night capability

Think Outside the Box

Honeywell's IPCAM-WO lets you offer customers an added level of security and more options for secure, remote video look-in and event-driven video notification from PCs or compatible smartphones. You'll increase their awareness and peace of mind while increasing your RMR. If you're looking to set your dealership apart by providing your customers with the complete protection they deserve, it's time to think outside the box.

Great for Residential and Commercial Installations

Front doors

Backyards and patios

Schoolyards

Car lots
